3.D.3.C. Retaining Less Players than the Maximum Allowed

Managers either unable to select 3 players from the previous year's team or choosing to select less than 3 players, shall select from the available draft list before managers with a greater number of selected players begin their draft selections. Once all managers have an equal number of selected/drafted players, the

normal draft process will resume. Any eligible siblings shall be included in the 3 players selected.

3.D.3.D. Player Retention - Softball

Due to a limited number of pitchers in softball, prior to the draft the VP Softball will consult with previous year's managers and/or coaches to equally distribute pitchers and highly skilled players across the teams in each of the divisions. These players, taking into account the managers daughters, will constitute the base of each team in each division where a draft is conducted. 3.D.4. DRAFT RULES FOR PLAYER SELECTION

It is the responsibility of the Player Agent, respective VP, and the managers involved to conduct a fair and impartial draft. Consequently, it is incumbent on all parties to enter the draft knowledgeable of the rules governing the draft. No protests will be entertained after the completion of the draft. No re-draft will be entertained.

All levels shall follow Babe Ruth restrictions as to the maximum and minimum numbers of age levels of players on a team. Initially, the number of players drafted per team should be a number less than the maximum allowed, as determined by the Player Agent, in order to accommodate late registrations.

3.D.4.I. Handling of Registrations after the Draft

Should sufficient additional player registrations be received after the draft, the Player Agent and respective VP will decide on how best to incorporate those players into the Recreation Program. Normally, these players will be assigned to teams in accordance with extending the draft selection process. However, should sufficient numbers of new players exist, it may be necessary that a new team should be established for the good of the program. Consequently, all Draft Day team assignments are tentative for a period of time announced by the VP at the Draft conclusion; normally 2-3 weeks to account for large influx of late registrations. If advised by the Player Agent of the need for a new team, the VP will identify the new Manager and Coach, and advise all of the affected Managers that their team structure will be altered from the draft selection process. The Player Agent will determine how many players from the existing team will have to be reassigned to the new team to augment the recent registrations. The goal is to create a new team that has the hope of being competitive.

- If the team retained 3 players, their 3rd draft pick (7th round pick) will be transferred.
- If the team retained 1 or 2 players, their 4th draft pick (5th or 6th round pick) will be transferred
- If a second player from a team is required to be transferred to a new team, the player to be transferred will be the player that was drafted two rounds after the first transferred player.

3.E. MANAGERS AND COACHES

3.E.1. ELIGIBILITY FOR SELECTION

The Vice-Presidents, in conjunction with the President, are responsible for assigning managers/coaches to teams. For managers or coaches, their participation in the league support operations, Board of Directors membership, association meeting attendance, and their past performance shall be considered when deciding to assign them to a team. Managers are responsible for the behavior of their team, coaches, parents, and themselves. A manager evaluation questionnaire may be distributed by the Vice-Presidents to the parents of the players on each team; the overall purpose of the evaluation is to give feedback to the managers, through the Vice-Presidents, to help the

managers improve their skills.

3.E.1.A. Certification

All managers and coaches must be certified as Youth Sports Coaches, as required by NJ State law, prior to the first game. Certification can include Rutgers, NAYS (National Alliance of Youth Sports), or Babe Ruth Certification. In addition all managers must be concussion certified in order to coach a team.

3.E.1.B. Background Check

All potential managers and coaches are required to participate in and pass a State Police Criminal History Record Information Background Check to qualify. The qualifications/disqualifications shall be determined by the MOBSA Board of Directors and Cal Ripken/Babe Ruth. The League President shall be the single point of contact for any information made available by the background check, and shall be the only MOBSA member informed of the person's name attached to the criminal information. The cost of the background check will be incurred by MOBSA. Individuals who refuse to participate with the background check will not be allowed to manage or coach in the league.

3.E.1.C. Player Evaluations

Managers / Coaches who do not update the past season's player evaluation ratings by the December Association meeting may not be eligible to manage.

3.E.2. PRIORITY FOR SELECTION

As a guide, the following is the selection priority for selecting team managers:

- 1. Returning manager in same level.
- 2. Returning coach in same level.
- 3. Manager moving up into level.
- 4. Coach moving up into level.
- 5. Manager / coach with previous experience.
- 6. New Volunteers

Managers are encouraged to regularly attend monthly association meetings and participate in league support activities (i.e. field maintenance),

3.F. RULES OF CONDUCT

Managers/Coaches, Players, Parents and Spectators shall abide by the Codes of Conduct as published by the Mt. Olive Township Recreation Department (see Appendix C). Managers/coaches, players and parents/guardians shall sign a copy of the respective Codes of Conduct at the beginning of each season. In addition, Managers and Coaches shall also abide by the code of ethics/conduct as per their coaches' certification program (e.g. the NYSCA Coaches' Code of Ethics). Anyone violating these codes of conduct or

ethics, the MOBSA By-Laws, or the MOBSA Baseball or Softball Rules (see Appendix) will be subject to review and potential disciplinary action by the MOBSA Board of Directors. Potential violations of these codes shall be brought to the attention of the appropriate Vice-President; the Vice-President shall investigate and present to the Board a recommendation for action, if any, for approval.

3.G. GAMES

3.G.1. Schedules

- Game schedules will be created under the direction of the Vice-Presidents and submitted to the President for approval by April 1. Field Assignments will be made by the President after consultation with the Umpire in Chief and Head Grounds keeper.
- Approved game schedules will be distributed to the Head Grounds-Keeper, Concessions Mgr. (s) and the Umpire-in-Chief on or before the April Association Meeting.

3.G.2. Rescheduling

Games must be played when scheduled, with no exceptions, other than official rainouts or other cancellations approved by the Board of Directors. Official rainouts are determined exclusively by the Managers under the oversight of the Vice President and Head Grounds keeper before game time, and suspended games are determined by the umpire once the game begins. Any games played in opposition to this rule shall not be counted and the umpire shall not be paid.

- Rescheduling of rainouts and suspended games will be handled by the respective Vice President.
- Rescheduling will be accomplished by the respective Vice President allocating the next available field time slot for the game to be played that is not in conflict for either team based on existing Recreation League schedule. If either team is unable to assemble a team for play, bump- ups included, it will be declared a forfeit to the team available to play. If neither team is able to play the game, both will be charged a loss via forfeit. If at the end of the season, there is insufficient time for the Vice President to reschedule a game, the respective VP may decide to either postpone the start of the playoffs to allow the game to be played, or cancel the game.

3.G.3. Length of Game Restrictions

No new inning, of a regular season game being played on Sunday through Thursday, shall begin after 8 PM for Farm and Minor leagues, 8:30 PM for Major and Seniors leagues (Daylight permitting). Terminating play due to lack of daylight is the Umpire's decision, is not negotiable and will not be considered as a suspended game unless the losing team has not batted in the 4th inning.

3.G.4. Substitute Umpires

If the regular umpire does not show up by the normal game time at a regularly scheduled game in a league that normally has umpiring supplied by the association, and it has not been called off by the association due to inclement weather, a substitute umpire can be assigned by the agreement of both managers. The substitute umpire shall have sole responsibility for the conduct of the game, defining ground rules; interpreting rules, calling balls & strikes; deciding plays in the field, with the exception of calling a game due to inclement weather or loss of daylight, which will be decided upon by the majority vote (2/3) of the umpire and the 2 team managers. If the association appointed umpire arrives before the completion of the game, he/she shall replace the volunteer umpire.

3.G.5. Protests

- Notice that the game is being played under protest must be filed with the Chief Umpire at the game, by the manager immediately at the time of the disputed decision and before the next pitched ball to the batter or the next day.
- Written report setting forth all the facts of the protest must be filed with the League President within 48 hours of the date of the protest.
- League President shall convene a non-partisan, 3 member Protest committee as recommended by the Umpire-in-Chief.
- Final decision on the protest shall be decided by the League President and the Protest Committee.

3.G.6. Suspended Games

Any game started but not completed shall be considered a suspended game. The game shall be rescheduled as per Section 3.G.2 above and resumed from the point of completion of the last full inning. Any player who was not present when the game was suspended but is present for the resumption of the game, shall be inserted in to the batting order following the last position of the original order.

3.H. PLAYER BUMP UP PROGRAM

3.H.1. PURPOSE AND USE

By Opening Day, the Player Agent shall establish a list of players eligible to be "bumped up" to the next higher level. No Bump-up player may participate at any higher division practice or game if there is a conflict with the original (lower division) team's practice or game schedule. The goals of the Bump-up Program are:

- Ensure a Bump-up program that allows teams to have sufficient players on the field to allow games to be played for the kids, without depriving the playing time of regular team members.
 - Ensure a Bump-up program that allows for flexibility and ease of use by Managers.
- •Ensure a Bump-up program that allows players of all levels to improve their skills by competitive play.

3.H.2. IMPLEMENTATION

3.H.2.A. SETTING UP THE BUMP-UP LISTS

- Candidates The Player agent will maintain a listing of candidate bump-up players for allocation to managers when needed. The list shall be comprised of names submitted by the Farm, Rookie, Minor, and Major Divisions' Managers. Each Manager shall provide at least one name, provided that the player is deemed qualified to safely play at the next higher level.
- Parental Consent The Player Agent will ensure that the registration forms include a description of the "bump-up" program and indication for parental consent of the child to be considered for the program. A caveat will be included that either parents or coaches may change the initial option should situations warrant. Prior to designating a player as a "bump-up candidate", the Player Agent will provide notification to respective parents via telephone, direct mail, or handout distributed through the respective managers, thus providing approval options to the parents or guardians.

3.H.2.B. ALLOCATION OF BUMP-UP PLAYERS

The Player Agent shall compile and maintain a list of eligible Bump-up players, organized by each league and including the player's names, parent's names and phone numbers, which will be used on a rotating basis for managers who believe there will not be enough players to field a team for a specific game. The following rules shall apply to the allocation of Bump-up players:

- A maximum of 3 Bump-up players can be used by a team in any one game.
- A Bump-up player can play a maximum of 3 games for the same team
- A manager will only be able to request a maximum of 3 Bump-up candidates at a time for any given game. If a Bump-up candidate is not available, the next available candidate will be presented to the manager.
- Each Bump-up player shall play at least the same minimum number of innings as required for a regularly assigned player on the team.
- No bump-up player may play more innings in the field than any regularly assigned player on the team.
- Bump-up player(s) shall be placed in the last slot(s) in the batting order.
- No bump-up player may pitch at the higher level.
- Bump-up players shall not be used in a playoff game.
- The use of all Bump-up players will be validated by the opposing coach following the game.
- Misuse of the Bump-up Program will result in the manager losing the privilege of using Bump-up players.

4. <u>IMPLEMENTATION - TRAVEL PROGRAM</u>

4.A. PURPOSE

The purpose of the Travel Program is to provide a more competitive environment to further develop the baseball and softball knowledge and skills of the more highly skilled players, further develop their sportsmanship by teaching them to play in an environment where a cohesive, balanced team is more important than the individual, and to represent Mount Olive with dignity in competitive play with teams from other towns/leagues.

4.B. PLAYER ELIGIBILTY

All players selected to play on any Travel Team may participate on a team in the regular season Recreation Program or can choose to "opt out" of the recreational season. Travel teams should be made up of players residing within the Township of Mount Olive unless permissions have been granted by the MOBSA Executive Board. Travel baseball rosters for spring/summer teams will be assembled in accordance with Cal Ripken/Babe Ruth district tournament rules.

4.C. FORMING TEAMS

4.C.1. Number of Teams

If enough qualified players and managers are available, more than one Travel (non-Babe Ruth Tournament) team can be created per each age bracket.

4.C.2. Player Selection

Positions on the team(s) are awarded based on skill, experience and sportsmanship of the candidates. Try-outs are to be conducted for each Travel season (i.e. Spring/Summer,

Fall) in order to encourage full participation by all eligible players. A minimum of two tryout dates over separate weeks shall be advertised and held, and a player shall attend at least one tryout in order to be eligible to be selected. Team members are selected by the respective Managers under an Oversight Panel consisting of the respective league Vice-President, the Player Agent, and/or team's Manager and peer coaches, to ensure that the proper selection process procedures were followed. If more than one team is being created in an age bracket, the more skilled and experienced players, who will make the best fit for a cohesive, well balanced team, shall be selected for the first or 'A' team. It is expected that travel players play at their age-appropriate level unless in the unusual circumstance of the MOBSA Board of Directors allowing a player to 'bump up' to the next level. Once committed, a player should commit to a team through 12U, but the Board may review case-by-case situations upon request and/or as player development progresses relative to his peers.

Upon selection and approval, the respective candidates' parents shall be appraised by the Manager of additional expenses to be expected for the respective season. If that parent decides not to participate, another candidate in the "order of merit" listing may be offered the opportunity to participate.

4.C.2.A. Babe Ruth Tournament Team

During the second half of the Spring Recreation Season, the Recreation Managers in each league level shall meet and advise the respective league VP and Travel Program managers of any Recreation players or other township residents, not on the current Spring/Summer Travel Team, who have the potential skills for, and are interested in playing on, the Cal Ripken Tournament Team. The respective Travel Team Manager shall then arrange to conduct an on-the-field "evaluation" for that player(s), in conjunction with assessing the current Spring/Summer Travel Team, to determine the best team for the Tournament. The Oversight Panel, as noted above, shall ensure that the proper selection process procedures were followed.

4.C.3. Age Brackets

Generally, players participating on a travel program team must play on a team within their own league age group, as defined in section 3B as long as there is a team in that age group (e.g. If there is an 11 year old team, an 11 year old player is not eligible to play on a 12 year old team)

4.D. MANAGERS AND COACHES

4.D.1. Selection

Vice-Presidents shall recommend to the Association Board, prior to the start of each Travel season, the names of proposed Traveling Team Managers for Board approval. Past managerial performance and the ability to represent both the Association and Mt. Olive Township shall be among the criteria used by the Vice Presidents to select their recommendations. Once a manager is approved by the Board, the manager shall select the coaches, under an Oversight Panel consisting of the respective league Vice-President, the Player Agent and the team's Manager, to ensure that the proper selection process

procedures were followed. Only managers and coaches who are certified and have coached in the Recreation Program may manage or coach traveling teams.
